Points to remember: These are questions about some activities 9-month old babies may do. Please check the box to indicate that your baby is doing them **regularly, sometimes, or not yet**. Most 9-month olds do only about half these activities regularly, so don't worry if your baby does not do all these. Please follow these guidelines:

- Try each activity with your baby before making a response.
- Make trying the activities a fun game for you and your baby.
- Make sure your baby is rested, well fed and not cranky.
- **Bring this with you to your visit.**
